

Entry Requirements for 6th Form

For 2024 entry we will require students to have 5 GCSEs with a grade C or above. This should include one of English Language, English Literature, Maths or Numeracy. A-levels are hard and many students find them a big step up from GCSE. Because of this some subjects also have additional entry requirements to ensure that students pick the courses that are most suitable for them. If subjects are oversubscribed we may give priority to those who meet the other requirements. You can find out this information in the table below.

Subjects on Offer at Y Pant for 2024
